Change of external user accounts to Siemens ID Service

Information Siemens ID

Siemens ID enables secure access of Siemens employees, customers and partners to different Siemens application and services. With Siemens ID, you can use one digital identity to access different/most services provided to Siemens. A working email address is required for the creation of a new digital identity in Siemens ID. You must also provide your family name, your given name and a password which complies with the Siemens ID password policy. Your new digital identity in Siemens ID will only be activated after you validated your email by clicking on the link in the confirmation email we send you. A link to additional information about the topic Siemens ID is provided in the appendix.

The PED system will be switched to the new Siemens ID authentication method on **2021 April, 30th**. The previous external PED user accounts could not be used any longer at that time. You could registrate with your email address for using PED with Siemens ID at that time. The necessary steps for this process will be described on the following pages.

- 1 Call PED – starting site
- 2 Siemens ID – Registration for a new account
- 3 Inform Siemens contact person about Siemens ID registration

PED

Change of external user accounts to Siemens ID Service

SIEMENS

1 Call PED – starting site

PED Url: www.siemens.de/ped or www.siemens.com/ped

Please do not try to registrate on Siemens ID for PED before **2021 May, 1st**, as this access method is not activated before may.

The first step is to open the PED starting site using the link mentioned above. In case of problems, please try to use the following temporary link for the registration process <https://motion.siemens.com/dwh-p/apex/ped/f?p=10060:1>. On the PED starting site please click on the button Login in the right corner.

The screenshot shows the Siemens PED Tool website. At the top left is the Siemens logo. On the top right, there is a 'Language' section with flags for Germany, UK, France, and Spain, and a 'Login' button. Below the header is a navigation bar with 'Home', 'Individual product search', 'Registration service option', and 'Administration'. The main content area has a 'Welcome' header and a title 'Welcome to the Product Equipment Data (PED) Tool.' Below this is a paragraph stating the goal of the PED Tool and a bulleted list of highlights. At the bottom, there is a 'General terms of use' section with two radio buttons for accepting or declining the terms.

Home Individual product search Registration service option Administration

Welcome

Welcome to the Product Equipment Data (PED) Tool.

The goal of the PED Tool is to permit the simple, systematic identification and administration of device components.

- The PED tool simply and quickly shows the status of the device at the component level and provides global support when it comes to purchasing for service cases.
- This service tool offers the following highlights:
 - Simple HW device identification
 - Simple device/plant documentation (e.g. device information printout)
 - Simple verification of end use of device
 - Simple determination of warranty period
 - Simple determination of spare parts

General terms of use Ja ich stimme den Allgemeinen Nutzungsbedingungen zu.
 Nein ich stimme den Allgemeinen Nutzungsbedingungen nicht zu.

2 Siemens ID – Registration for a new account

If you do not own a Siemens ID account so far, then click on Sign Up first, otherwise you could login with your existing Siemens ID account. In this case you can go directly to section #3 of this instruction.

2 Siemens ID – Registration for a new account

Please insert your email address and choose a secure password for this account. In addition you need to enter your first and last name in the corresponding form fields. Upon completion please agree to the terms and conditions and complete the entry by click on the button Sign Up.

The screenshot shows the Siemens ID Login Service registration interface. At the top, there are two tabs: "Log In" and "Sign Up". The "Sign Up" tab is active. The form contains the following fields and elements:

- Email address field: patrik.schuchardt@web.de
- Password field: masked with dots, with an eye icon for visibility toggle.
- First name field: Patrik
- Last name field: Schuchardt
- Terms and conditions checkbox: I agree to the terms and conditions
- Sign Up button: A red button with the text "Sign Up" inside a rounded rectangle.

2 Siemens ID – Registration for a new account

You will receive an email from Siemens to verify your email address you have registered before. In the first step please do so by clicking on verify my e-mail inside the recieved email by Siemens. In the next step you will confirm the process on the Siemens ID website with the click on the button Continue.

The screenshot shows the Siemens ID website interface. At the top left is the Siemens logo with the tagline 'Ingenuity for life'. At the top right is a 'Contact' link. The main content area is titled 'Action Required'. Below this title is a grey box containing a checkmark icon and the text: 'Thanks for signing up with Siemens ID. You will receive a verification email, to validate your email address. After validation please press "Continue" to access your application'. At the bottom of the page, there are two buttons: 'Show Technical Details' and 'Continue >'. The 'Continue >' button is highlighted with a red oval and a large number '2' next to it.

The screenshot shows a verification email from Siemens. The header includes the Siemens logo and the date '2021-02-25'. The main heading is 'Verification e-mail'. The body text reads: 'To make your Siemens ID account more secure and allow access to the applications, please use the button below to verify your email address. A confirmation message will appear subsequently.' Below the text is a button labeled 'Verify my e-mail' with a large number '1' next to it, which is circled in red. Below the button, it says 'You must verify your email address before March 02, 2021.' The footer contains a 'Contact us' link, a disclaimer 'Please do not reply to this e-mail, as we are unable to respond from this email address.', the website link 'siemens.com Global Website', and the copyright notice 'Restricted © Siemens AG, 2021'. At the very bottom, it states 'This mail was sent to patrik.schuchardt@gmx.net'.

Inform Siemens contact person about Siemens ID registration

After the successful registration of your new Siemens ID account, the system will redirect you to the PED starting site again. Due to the fact that the new Siemens ID account is currently unknown inside the PED application, please inform your PED contact person about your new Siemens ID account. Your old account will be switched to your new Siemens ID account now. Once you receive the information from your PED contact person that the Siemens ID account is activated for the use inside PED, the registration process is completed.

Sebastian Drosdek	Factory Automation (Automation Products & Systems)
Werner Brenner	Factory Automation (Pricing)
Jürgen Klemm	Factory Automation (System Engineering)
Angela Rost	Digital Factory (Motion Control)
Bernd Waldmann	Customer Services DF&PD (Services for FA)
Stefan Schlund	Customer Services DF&PD (Services for MC)
